CIA President

Dear Delegates, Jury Members, Musicians, Competitors and Accordion Enthusiasts.

On behalf of the Confédération Internationale des Accordionistes (CIA) Executive Committee and the CIA Member Nations worldwide, as the CIA President it is with great pleasure and honor that I have this privilege, to welcome you to the 77th Coupe Mondiale International Competition for Accordionists and Ensembles hosted by our CIA Voting Member the Italian Accordion Culture.

Castelfidardo! For the 1st time in our history, the Coupe Mondiale will be held in what we call the “Home of Accordion”, a city that every accordionist in the world knows and dream to visit at least once in the life. The story of Castelfidardo and the local wonderful festival the PIF is wellknown, and we feel very happy and excited to be in a place where every single family has members with a strong connection with the accordion production during the last 160 years.

We are very pleased to have a large number of contestants, many delegates and jury members who are participating in this Coupe Mondiale occasion; and many of them will stay also during the next week to attend at the Castelfidardo PIF for a 10 days of music and great accordion events! This proves that the artist community is aware of the importance of live music and that it cannot be replaced by remote performances especially at this high level and good quality. Music is an Art that is “here and now”, there is nothing more emotional for an artist and likewise for the audience than to experience a live concert in a beautiful hall! We can all be proud that the CIA and Coupe Mondiale have existed for more than 80 years. It means that the lifetime of work and passion carried out by delegates and officers over the years has been of profound value.

I would like to offer a special welcome and a thank you to each of our 114 contestants, their families, and teachers, for supporting this 77th Coupe Mondiale. We truly appreciate your efforts, and we wish you all the best luck for your performances. Regardless of the results, we must never forget that we are creating music, we are experiencing art, and we must keep in mind, how lucky we are to partake in this event. In addition, we are honored to welcome all the international accordion dignitaries and guests from all over the world who will be participating in the CIA General Assembly Meetings, serving as members of the International Jury, and enjoying the variety of concerts held throughout the festival. Good luck to all the contestants!

**Roberto
Ascani**
Mayor of Castelfidardo

It is a great honor for Castelfidardo to host the CIA delegates and the 77th edition of the Coupe Mondiale. Our common commitment to spreading the accordion and supporting the talent of young accordionists from all over the world is the path we have always followed. The Coupe Mondiale is the oldest competition for accordionists in the world and today Castelfidardo is finally hosting it for the first time in a virtuous combination of events. Loreto will also host concerts with us and I would like to thank them for their collaboration.

Sharing PIF and Coupe Mondiale is a historic opportunity to admire and stimulate the best musicians in the world: 10 consecutive days and to celebrate the accordion with unity of purpose.

Thanks again to president Mirco Patarini for organizing this edition in Castelfidardo and for promoting this incredible experience. I hope the difficulties we faced with Covid before and with wars today have taught us to walk together, with a spirit of peace, in spreading the beauty of art and music.

The accordion, with its unique ability to evoke emotion and convey stories, continues to be a fundamental instrument in the musical culture of many nations around the world. It is a symbol of passion, creativity and human connection that overcomes language and cultural barriers. We look forward to seeing you with joy and pride from 6 to 15 September 2024.

Roberto Ascani

*President of Italian
Accordion Culture*

The Coupe Mondiale CIA is coming to its 77th edition. A long journey, the one promoted by the Confédération Internationale des Accordéonistes, from city to city, from country to country. Many experiences in different contexts, all unforgettable, the accordion has crossed political and cultural borders with its load of talents and multiple musical languages. Many adventures in a whirlwind of emotions fostered by the warmth and passion of those who, the accordion, has made it a purpose of life. Indelible memories for those who have always lived these days in the shadow of a different flag, but this year, perhaps, we do not need friends from beyond the Alps. The Coupe Mondiale CIA has a special flavor because, for the first time in its history, it makes a stop “at home”, in the most natural and suggestive location. So I can only, on behalf of all the members of the Italian Accordion Culture, wish you a good stay in Castelfidardo and Loreto hoping for a memorable edition of the prize perhaps most coveted by all accordionists.

Valentino Lorenzetti

Italy

Valentino Lorenzetti was born in Castelfidardo, home of the accordion. His father Bruno was a small businessman and he was producing electric pianos which were exported all over the world and “introduces” him to the world of music.

At a very young age he began studying the accordion with Giovanni Marcosignori, father of the well-known Gervasio, “the poet of the accordion”.

After classical high school he attended the University of Medicine and Surgery in Bologna, graduating with top marks. In the meantime, the accordion company “Excelsior”, one of the most renowned in Castelfidardo and in the world, hired him as an endorser.

After specializing in general surgery he began his activity as a doctor-surgeon at the “Santa Casa” Hospital in Loreto where he practiced for over twenty years. At the same time, also thanks to the “complicity” of the head doctor who grants him permission, he begun to travel the world...

And he is appreciated above all for the refined technique with which he plays the electronic accordion, created in Japan, at KAWAI, a leading company in the field of pianos, with the precious collaboration of the engineer Marco Galeazzi.

To promote it he was invited to play on television programs and in theaters, both in Italy and abroad.

Domenica in, Evening of Honour, TeleMike, Bel Paese, Italia mia ... just to nominate a few, then the countless concerts ... Among the most significant performances we remember the COLOMBIADI in Genoa, in the presence of ambassadors from all over the world; in Stockholm, in the room where the Nobel Prizes are awarded, in Moscow with Giovanni Allevi and Jimmy Fontana; in Cairo at the Opera House, in the United States with the great Wolmer Beltrami; in Japan, in Mexico, in Uruguay, in Brazil, in Australia, and in particular in Sydney, on the occasion of World Youth Day.

Despite commitments related to music, in the last two years of his professional activity, he held the role of primary surgeon, first in Loreto and subsequently in Osimo, without forgetting his activity as an author of books and as a municipal councilor in the municipality of Castelfidardo.

For a few years he has dedicated himself (and continues to do so) to composing film music.

Some of these original songs for accordion were recorded at the “Malleus” recording studio in Recanati and subsequently masterfully arranged on the guitar by Maestro Massimo Varini and were performed with notable public success during the concert of the two soloists with the intervention of the “La Sinfonietta” chamber orchestra of Recanati, in the “Nicola Degli Angeli” theater of Montelupone.

From this artistic collaboration “Magia di un dream” was born, the CD released in early December on SPOTIFY and other platforms.

He is currently collaborating on the composition of a new CD with Maestro Claudio Calzolari and his team.

Daide Anzaghi

Italy

Davide Anzaghi was born in Milan on November 29, 1936. His father, Luigi Oreste, musician, devoted himself to music education for a whole life and started very young to study music. Anzaghi he graduated in Composition, Conducting, Choral Music and Choral Conducting and Piano at the Conservatorio Giuseppe Verdi in Milan. After the academic training followed master classes for composers held by GF Ghedini and F. Donatoni. Initially started the concert career has taken leave from early this and initiated the teaching experience. He taught at the Istituto Musicale Donizetti in Bergamo, at the Conservatory of Brescia and for decades has been a professor of composition at the Milan Conservatory. From birth resides in Milan where he works as a composer and music promoter.

The interest in the composition - as always - has aroused more briskly in 1968. Since that year he began his industrious composing activity, gratified affirmation achieved in national and international competitions. With *Signs and Ritografia* wins the Piano Composition Competition of Treviso, in 1970 and 1971. The jury was composed of F. Donatoni, G. Gorini, G. Petrassi, N. Rota and chaired by Gian Francesco Malipiero. In 1973 the composition for orchestra *Limbale* deserves the first prize in the X International Competition of Symphonic Composition *Ferdinando Ballo*, organized by Musical Afternoons of Milan and assigned by a jury composed of P. Rattalino, L. Rognoni, G. Petrassi, F. Siciliani, C. and G. Togni Turks. In 1974 the composition for grand'orchestra *Ausa* is declared the winner of the International Olivier Messiaen Competition. The jury were part G. Ligeti, Lutoslawski W., Ton de Leeuw, I. Xenakis. The presiding the same Messiaen. Also in 1974, the Examination Committee of the GF Malipiero Prize winner judge his composition for chamber orchestra entitled *Egophonie*.

The compositions of the seventies are oriented towards experimentation. As from 1984, the author has to a renewal of his compositional writing. From which, in addition to a large Pythagorean suggestion emerges the new poetic project: re-evaluate the role of listening. To privilege which the compositional design and pursues the utmost efficiency and quality craftsmanship. The propensity to the easy listening outcomes pushes its esoteric numerical code sounds into simple and coglibili musical architectures. His compositions have been performed in the maximum Italian and international locations. His biography and the catalog of the works are reported in all world encyclopedias. The works until 1995 are published by the publisher Suvini & Zerboni.

In 1994 he founded, presiedendola, the association for contemporary art *Novurgia* (www.novurgia.it), committed to the promotion of interdisciplinary meetings. *Novurgia* has already held at the *Palazzina Liberty*, *Litta Theatre* and the *Spazio Oberdan* music events, poetry, painting and sculpture of the most important artists of the twentieth century. The Milanese public were presented the following artists: T. Kemeny and E. Sanguineti, for poetry; A. Knight, G. Pomodoro, M. Rossello (for sculpture); Hsiao Chin, F. De Filippi, L. Del Pezzo, F. French, E. Isgrò, U. Mariani, C. Olivieri, M. Rotella, F. Squatriti, V. Vago, Staccioli M. and E. Tadini (for painting). During the concerts have also been performed in premiere compositions of the most influential living authors.
